WROCLAWSKI ROCZNIK
HISTORII MÓWIONEJ

CALL FOR PAPERS

Wrocławski Rocznik Historii Mówionej is an academic, interdisciplinary journal published by Ośrodek "Pamięć i Przyszłość" ("Remembrance and Future" Centre) – one and only in Poland that is devoted to the oral history research. Its goal is to create a platform for methodological reflection on oral history methodology and the exchange of experiences of various centres and experts – from different academic disciplines – engaged in research into the broadly defined area of oral history. This journal publishes both the results of research based on the use of sources of oral history and discussions on the methodology itself, as well as sources of oral history. This journal also presents information about current research, projects, conferences and recently published books concerning oral history.

Wrocławski Rocznik Historii Mówionej is listed in the databases of the Central European Journal of Social Sciences and Humanities, the Central and Eastern European Online Library, in Baza Czasopism Humanistycznych i Społecznych, and in the European Reference Index for the Humanities and Social Sciences (ERIH+).

Deadline for submitting articles, source materials, reviews, interviews, reports from conferences and scientific meetings to No. 14: **Mai 15, 2024.**

The forthcoming 14th volume of the journal will be published entirely in English, with publication expected in November 2024.
